HIGHLIGHTS

- **Code-Fluent UX Designer:** Trained across CS and HCI at SNU, graduating 1st of 121, with prototyping experience across AI, web, XR, and phygital interactions.
- **0-to-1 Product Design:** Led UX/UI design for healthcare startup OurHomeDoc, translating an early-stage service concept into core user flows and 35+ high-fidelity screens; team earned joint 4th place in a national startup program.
- **Award-Winning Inclusive UX:** Led user research and design for Seoul subway accessibility, earning 2nd & 3rd Place among 193 UX entries at the International Universal Design Contest and KFAS Best Project recognition.
- **Leadership & Collaboration:** Managed 17 cross-cultural programs reaching 1,000+ participants as a KATUSA Sergeant; earned U.S. Army medals and designed an Emergency Resources Card presented at an 8th Army conference.

EXPERIENCE

Lead UX/UI Designer | OurHomeDoc

Seoul, Korea (Hybrid) | 08/2025 - 02/2026

- **Owned the 0-to-1 product design** of a healthcare platform connecting patients with home-visit physicians, translating the service concept and requirements into 35+ high-fidelity screens and core user flows.
- The project earned the **Encouragement Award (joint 4th place)** in the Korean government's Promising Student Startup Team 300+ program.

UX Research & Design Fellow | Korea Foundation for Advanced Studies

Seoul, Korea | 03/2024 - 02/2025

- **Led end-to-end user research with diverse subway riders**, designing and conducting think-aloud studies and interviews with 11 participants, including 4 international and 3 visually impaired riders, and synthesizing findings into actionable design requirements.
- **Led the design of two accessibility solutions for Seoul's subway system:** multimodal directional signage integrating visual icons and audio cues, and a modular step-by-step navigation app.
- The solutions earned **2nd & 3rd Place among 193 UX entries** at the 19th International Universal Design Contest and were recognized as the **Best Project among KFAS fellowship teams**.

UX Researcher & Designer | Georgia Tech CoWell Lab

Atlanta, GA, USA | 01/2025 - 05/2025 | Advised by Dr. Jennifer Kim

- **Designed and implemented an LLM-powered web interface for AI-assisted course adaptation**, enabling instructors to generate, review, and customize learning materials based on Universal Design for Learning (UDL) principles.
- Translated accessibility research and UDL principles into guidelines that shaped AI-generated recommendations and edits for course adaptation.

UX/UI & 3D Design Intern | GoQba Technology

Seoul, Korea | 01/2023 - 02/2023

- Developed a cohesive 3D UI design system and designed a narrative-driven XR rehabilitation experience, shaping more consistent and engaging interactions across an upper-limb digital therapeutics platform.

EDUCATION

University of California, Berkeley

08/2026 - 12/2027 (Expected)
MDes (Focus: HCI & Emerging Tech)

Seoul National University (SNU)

03/2020 - 08/2026
GPA: 4.19 / 4.30 (Ranked 1st of 121)
BEng in Computer Science & Engineering
BA in Human-Computer Interaction

Georgia Institute of Technology

01/2025 - 05/2025 | GPA: 4.0 / 4.0
Computer Science Exchange Student

SKILLS

Design & Prototyping

Interaction Design, UI/UX Design, Prototyping, Design Systems, 3D/XR Design, Figma, Adobe Creative Suite, Blender, Cinema 4D, Fusion

Web & Mobile-Based Technologies

Java, HTML/CSS/JavaScript, Python, C/C++, Unity (C#), Git/GitHub

User Research

Interviews & Surveys, Think-Aloud Studies, Observation, Usability Testing, Experimental Design, Statistical Analysis, Storyboarding

LEADERSHIP & SERVICE

Leader, SNU Volunteer Corps in Nepal

05/2025 - 08/2025

- Led a 26-member cross-cultural team of Korean and Nepali volunteers.
- Developed and delivered Art, Music, and Physical Education curricula for students with limited educational access.

KATUSA Sergeant, Republic of Korea Army / United States Army

02/2021 - 08/2022

- Recipient of the **U.S. Army Commendation Medal & Army Achievement Medal**.
- Led 17 cultural exchange and community programs reaching 1,000+ participants, managing planning, design, and execution end-to-end.
- Designed an Emergency Resources Card and website presented at an 8th Army conference and referenced by multiple units.
